

Year Reception: Spring 1 2023

Are you ready for an adventure? Where in the world could we go? How could we travel there? It's time to discover transport, travel and places near and far!

This half term, we'll be reflecting on our fantastic journey to the Landmark Theatre! We will plan to take a trip around the local community and we will take photographs as we go. Back in the classroom, we'll put our photographs in chronological order and add captions. Thinking about the transport we've taken, we'll use maps to consider where we'd like to visit next. What should we pack? We'll draw and write about imaginary journey and learn about different forms of transport. In our science lessons, we'll learn about floating and sinking by building miniature boats, and find out about friction by rolling cars down ramps. We'll also about road safety and learn about high-visibility clothing.

Creative and Critical Thinkers

Our topic will allow to follow what the children's interest and for opportunities for children to take risks in their learning.

Explorers and Active Learners

The classroom learning areas will be set up linked to our topic and key learning. Changemaker challenge - class project: test cars down different ramps

Relationship Builders

We will work as a team to create our boats and be focusing on class community.

Carers of our World

Community experiences:
The children will take a trip in the local community.
We will celebrate Chinese New Year.

This half terms virtues:
Helpfulness, Caring,
Critical thinking, Honesty
